CAREER OBJECTIVE

Full Stack Developer with hands-on experience building responsive, secure, and production-ready web applications. Eager to contribute technical expertise, problem-solving skills, and a continuous learning mindset to deliver scalable solutions, improve user experiences, and add meaningful value to a growth-oriented organization.

TECHNICAL SKILLS

- **Languages:** HTML5, CSS3, JavaScript (ES6+), TypeScript
- **Frontend:** React.js, Next.js, Tailwind CSS, HeroUI, Framer Motion
- **Backend:** Node.js, Express.js, REST API, Better Auth, JWT
- **Database:** MongoDB
- **Tools:** Git, GitHub, Stripe, Postman, Vercel, Netlify

PROJECTS

1. LifeDrop | [Live Link](#) | [GitHub \(Client Site\)](#) | [GitHub \(Server Site\)](#)

LifeDrop is a blood donation platform connecting donors with people in need.

- **Implemented** secure JWT authentication with role-based authorization for 3 user roles (Admin, Donor, and Volunteer)
- **Built** 20+ reusable UI components and integrated 15+ REST API endpoints.
- **Developed** blood request management, donor search, profile management, and Stripe-powered donation system.

Tech Stack: JavaScript • Next.js • Tailwind CSS • Node.js • Express.js • MongoDB • Better Auth • JWT • Stripe • Framer Motion

2. Mediqueue | [Live Link](#) | [GitHub \(Client Site\)](#) | [GitHub \(Server Site\)](#)

Mediqueue is an online learning platform for booking and managing tutor sessions.

- **Implemented** secure authentication with Email/Password and Google Sign-In using Better Auth.
- **Built** dynamic course discovery, user profile management, and protected routes with role-based access control.
- **Designed** reusable UI components and REST APIs for seamless frontend-backend communication.

Tech Stack: JavaScript • Next.js • Tailwind CSS • HeroUI • Express.js • MongoDB • Better Auth • JWT

3. Evenza | [Live Link](#) | [GitHub \(Client Site\)](#) | [GitHub \(Server Site\)](#)

Event Management Platform for posting events, viewing details, and booking seats.

- **Implemented** user authentication with secure session handling for attendees and event organizers
- **Built** category and location-based event search and filtering system
- **Developed** an organizer dashboard for publishing, managing, and deleting events

Tech Stack: Typescript • Tailwind CSS • HeroUI • Node.js • Express.js • MongoDB • Better Auth

EDUCATION

Noakhali Science And Technology University

Oct, 2024 –Present

B.S.S in Information Science And Library Management

LANGUAGE

- **Bengali:** Native
- **English:** Professional Working Proficiency
